

The Calpak logo features the word "Calpak" in a bold, black, sans-serif font. The letter "a" is stylized with a red dot and a white outline.

42 years of continuous improvement!

For 42 years now, Calpak is consistently upgrading its production lines in order to improve performance and reliability of its collectors and tanks. The video provides a small preview of the present but our minds are already hooked into the future!

After many steps in the right direction, **the time has come to take a leap!**

Calpak's new home!

Calpak is investing in its birthplace, Corinth in the south of Greece with a brand new, state-of-the-art office building, production unit and warehouse of 4,800 m². The building's **sustainable design** is emphasized using stainless steel mesh for shading and designing an internal atrium for **natural lighting and ventilation** for the offices and the production space.

We have many exciting news to share with you in the forthcoming months, so stay tuned!
