

ISH 2017 was nothing short of impressive. Amazing new technologies furnished with innovative communication made it clear that the future of Heating and Cooling industry is very bright!

## Calpak Mark4

From the very first day of ISH it was apparent that the remarkable success of Mark4 in the last couple of years has drawn the attention of solar thermal partners. Because of Mark4's exceptional performance, durability and design the industry's biggest players have already, or are considering, Calpak as their OEM for solar thermal tanks and collectors.

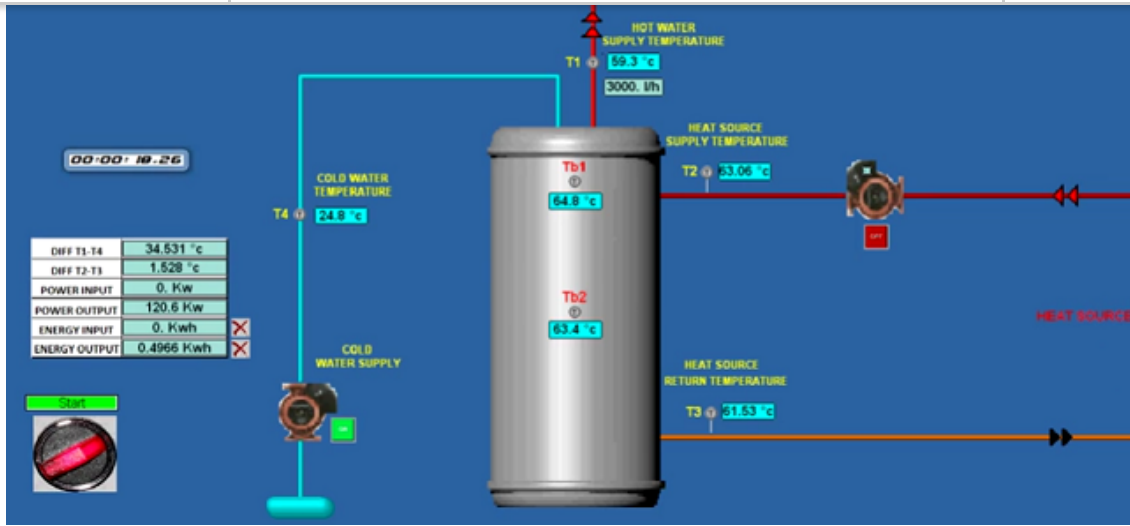

### The benefits of Calpak Mark4

## Calpak GSE Ultratank

Our partners had the opportunity to test the new GSE interface to control the installation back in Athens and experience in real-time the incredible benefits of the new Calpak GSE Ultratank namely:

- very high efficiency
- extraordinary longevity
- and bacteria free water

Sincerely,  
 Panayis Konstantinidis
